

# HS24 HS120

## Horn/Strobe Assembly

The HS24 and HS120 outdoor Horn/Strobe Assemblies are high performance, high intensity appliances. They feature prominent visibility, distinguished reliability and long operating life.

**T**he HS24 and HS120 Horn/Strobe assemblies, when installed with the weather proof mounting box, provide an audible and visual alarm indication in the harshest of environments. The horn provides a selectable continuous tone or temporal patterns. The strobe light is UL 1638 Approved for visual signaling appliances private mode and emergency and general utility signaling for use in outdoor applications.
